These competitions are held in Lillehammer Olympic Bob- and Luge track in Norway with the total of 23 nations from all around the world.

The competitions today went by very well with happy athletes and the organizers for the Cup. Weather was not on our side, but the ice was well prepared and really fast. The Luge athletes did get a speed up to around 110 km/h to 129 km/h. Happily it was a good day for everyone, and we look very much forward to the team relay and men's competition on Sunday the 19th of January.
